PIATTI PETALO
IN CARTONCINO
PAPER PLATES

Il legislatore italiano ha di recente rimesso in gioco il prodotto Tradizionale - piatto in cartoncino laminato in plastica, con una legge che in deroga alla direttiva SUP autorizza il commercio di piatti in cartoncino con un'incidenza massima di materia plastica pari al 10% del totale.

L'orientamento di Exclusive Trade è dichiarato in modo chiaro, ed è quello di continuare sulla strada intrapresa da tempo e legata al miglior prodotto eco compatibile. Ne sono testimonianza concreta sia la gamma Compostabile che quella Plastic Free.

Ciò detto, e vero il fatto che **il nostro prodotto Tradizionale non supera il 5% di incidenza della materia plastica**, abbiamo deciso di ristampare alcune linee Tradizionali.

With a recent national law, in derogation from the SUP directive, Italy reinstated Traditional product – cardboard plate laminated with plastic film, setting a maximum limit of 10% for plastic material.

Exclusive Trade's main goal remains that of pursuing the best eco friendly product, as both Compostable and Plastic Free ranges prove.

This being said, also considering that **plastic incidence in our Traditional product is below 5%**, we decided to reprint a few Traditional lines.
